Description:

Secretary Zinke signed SO 3356 (Hunting, Fishing, Recreational Shooting and Wildlife Conservation Opportunities and Coordination with States, Tribes and Territories) today. This new SO builds on the reporting requirements of his original SO 3347 and moves us to guidance to start developing and implementing strategies to address these goals. We will reconstitute our cross-programmatic original team that worked on SO 3347 to start prioritizing how will meet the deliverables called out in SO 3356. (bring who you need).

Description:

----- Forwarded message ----- From: Litchfield, Derek Date: Tue, Oct 24, 2017 at 11:32 AM Subject: AIA Request for Briefing with Acting Director; Subj: AIA NOFOs To: Roslyn Sellars , Thomas Irwin Greetings Roslyn/Thomas, AIA will be briefing, and requesting approval from, the Acting Director for each one of our Financial Assistance Notice of Funding Opportunities, to ensure his full understanding, support, and to satisfy any inquiries he may have. The "ban" on posting NOFOs was lifted last Thursday, and many of our grant programs are already well behind schedule. Hence, we will be ready to brief leadership whenever there is time available. Just let me know, we are well aware of how busy the schedule is. We plan to both officially DTS route the NOFO drafts for approval, but would also very much appreciate the chance to directly brief on the programs. The combination of actions will provide a broad, in-depth analysis and background, rather than just the NOFO documentation. Please let me know if you need further information. Or if I need to follow some protocol I am missing. Very much appreciated. Description:

Valerie, I work very closely with the Bureau of Land Management in New Mexico as well as the USDA-NRCS. I would like to give a short overview of the "Restore NM" project that has been working for the past 12 years. I hope to be able to answer any questions about the large amounts of funding and the projects that are going on the ground. We have over 250 partners and have treated and restored grassland on over 3.5 million acres. Our work has benefited species habitat that are slated for possible listing under ESA. We have a very high percentage of all of the funds going on the ground with less than 10% admin. Because we have new folks with Interior and other agencies that we have worked with, we look forward to the opportunity to giving a short briefing. We hope to develop a relationship with the people in DC that can be our contacts for future projects. Thank you, Debbie Hughes, Executive Director NMACD

Our agencies face similar challenges ranging from increasing collaboration across jurisdictions, preventing species from being listed to the need to reconcile economic development and conservation agenda. Typically we have been spending a day with our key executives. Location could either be Ottawa and Washington DC (there are easy direct flights between the two). I have cced on this e-mail the head of the CWS, Assistant-Deputy-Minister Sue Milburn-Hopwood, and her chief of staff, Adrienne Sinclair whom your office should get in touch with to find a suitable date. Going? Yes

Description:

Stephanie Showalter-Otts, Director, National Sea Grant Law Center, requested a briefing to provide an overview of the Building Consensus in the West initiative and efforts to address invasive mussels. Building Consensus in the West is an initiative of the Western Regional Panel on Aquatic Nuisance Species. The goal of the WRP initiative is to develop a multi-state vision for watercraft inspection and decontamination (WID) programs. With funding from the U.S. Fish and Wildlife Service, the National Sea Grant Law Center and the Association of Fish and Wildlife Agencies have been supporting state efforts to harmonize laws, regulations, and policies through the development of a model legal framework. This briefing will provide an overview of the Building Consensus initiative and the model legal framework for state WID programs, and provide information on the ongoing efforts of states to reform statutes and regulations to align authorities with the model framework. This briefing will also discuss challenges associated with implementation of WID programs at multi-jurisdictional waterbodies, such as Lake Mead, and consider how the model legal framework and other Building Consensus efforts might assist with federal efforts to implement or support state efforts.

Greg has asked that he get more information on the underpinnings of the congressional source of funds for the MBP grants he is currently reviewing. He is interested in seeing the particular congressional language/mandate behind these funds, so he can better understand our South American investments, for example. He thinks seeing a few of the NOFOs may also be helpful. A good approach may be to get him the written products in hand (i.e., NOFOs and congressional language), and then set up a briefing time to go over any questions he may have re: that information, as well as where we choose to invest these dollars. I've cc'd Roslyn and Thomas, who can help set up a time to discuss. Please let me know if you have any questions. Thanks!

### Description:

Zack Gambill Advisor U.S. Department of the Interior Western Region Fish and Wildlife Services Lakewood, CO office FWS: 303-236-4250 office BOR: 303-445-2542 Cell: 202-550-0709 Context: He isn't 100% sure what Alan is looking for. Alan just asked for a meeting; "to know everything going on in the Region". Tasked with looking at Western Region and "figuring out solutions". He wants to know some of the things going on. It isn't specific to the DOI reorganization. "We are tasked with looking at the more complicated issues and looking for solutions". "What are the hot topics for the Secretary, and for USGS?" \*\* ESA science: downlisting, etc.? \*\* Klamath - an update on the science, flows, etc. would be useful. Briefing approach: handout and brief PPT is OK. "30,000 foot view; don't go into details. He will ask questions and dig in where interested." Topics: Alan is not likely to give us feedback on the topics (he is fishing in Montana until Saturday)

**Where:** 12795 W Alameda Pkwy, Lakewood, CO 80228, USA

**Description:**

Masica, Sue 11:44 AM (9 minutes ago) to me Zach, Let's plan on 9-10am on Tues 8/7 with our exec team. If you come to our building (12795 W Alameda Parkway -- off of Alameda Parkway between Ohio/Mississippi and Youngfield Streets; Main entrance faces Alameda Drive), there are security guards out front. Just tell them you're here to see me, and someone from our office will come and get you and bring you to our conference room. We'll plan to introduce you to the team, give a quick overview of what folks do, and cover whatever questions you might have. We have other agenda topics we'll turn to at 10am. Thanks, Sue

Notice: Vidyo can be used to record this conference. Directorate -- We think it would be a good idea to check in and compare notes before the 12 Regional Leadership Teams are activated specifically to: 1) share additional insights into the emerging framework and 2) discuss and agree on consistent Service priorities that transcend all 12 of the unified regions -- what overarching Service priorities do we want our reps to bring to each of the 12 Regional Leadership Team sessions. (Our reps will of course bring regional level priorities to the table as well). Dear Interior Senior Executive Team: As you have no doubt heard, the Department of the Interior is embarking on an historic effort to modernize its operations. As Senior Executive Service members, you will be the architects of this effort, which will set the course for the Department's operations for the next 100 years. We have established the Department's 12 new Unified Regions for all of Interior's Bureaus except for the Bureau of Indian Affairs, the Office of the Special Trustee for American Indians, and the Bureau of Indian Education. The new Unified Regions are displayed here. These new Unified Regional Boundaries provide the framework for a new way of doing business. As we move forward, with your help, our new Unified Regions will allow important decisions to be made nearer to where our stakeholders and intergovernmental partners live and work,...

We (Reorg DC Team) have a meeting scheduled with the Secretary on October 9 to present him with some case studies that might inform his specific thinking and direction, and then on October 15, he will be meeting with all of you to explain his goal and vision. To that end, I am wondering if you could think about some case studies that might inform this discussion. For instance, (b) (5) DPP
